Sri Lakshmi Power Services

<https://www.indiamart.com/srilakshmi-power-services/>

We are the leading supplier, trader, distributor and wholesaler of power products such as **Control Panel, Diesel Generator Set and many more**. We are also the service provider of **Generator Repairing Service and Genset Installation**.

About Us

Established itself way back in the year **2010**, our company “**Sri Lakshmi Power Services**” is engaged in offering a huge array of products and services related to power control and backup affairs. With our business offices based in **Bengaluru, Karnataka (India)**, we are operating our entire business activities as a **Sole Proprietorship** venture. With our domain specialization in the **supplying, trading, distributing and wholesaling**, we are also the service provider for services like **Generator Repairing Service** and **Genset Installation Service**. We have **Power Generator, Control Panel, Diesel Generator and many more** in our product gamut.

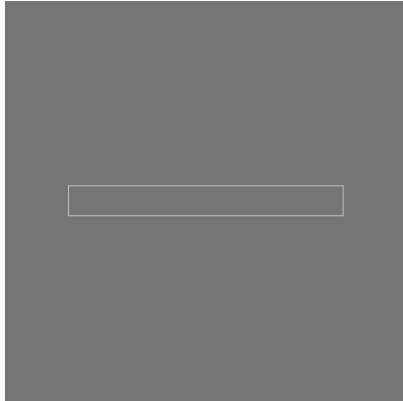

Mr. Jayalakshmi K and **Mr. Raghu** are the key controllers of all leading activities in our business. Being the mentor to employees of the company, they both carefully make strategies and objective based ideas which further help us conquer new milestones in the industry. Progressive in approach, they conduct regular market analysis so as to get an exact idea of what are the “needs” of customers. With their attentive behavior, we have become able to transform the expectation of our esteemed clients into exact reality. The purchase of a generator is more than just a home accessory; it is an investment that must be taken care of and maintained properly. Like any and all machines, generators must be maintained in order...
