About Us

Sri Lakshmi Surgicals & Pharma has commenced its operations in **2011** as a sole proprietorship firm. The company, since beginning, is involved in **supplying, trading and distributing** a broad spectrum of **Surgery Equipment, Gynaecology Equipment, General Surgery Equipment, Gastroenterology Equipment, Pathology Lab Equipment, Wrist & Elbow Support, Physiotherapy Traction** and many others. The products offered to our respectable clientele are applauded for their matchless features and quality. We procure the whole products from trustworthy industrial vendors, holding an enviable market status. They design products keeping the upcoming desires and preferences of clients in mind and manufacture them using premium quality raw material. They also incorporate advanced methodology and techniques in the development procedure, which make products inventive and suits to the rising demands of our valuable clientele. Apart from this, our products are easy to operate, designed perfectly, high in performance as well as renowned for their reliable nature and accurate results. Therefore, we have been successful in getting repeated orders from our respected customers. We carry out all business operations under the intelligent guidelines of **Mr. Krishnakanth and Mr. S. Pramodh Kumar**, the estimable proprietor of Sri Lakshmi Surgicals & Pharma. Their outstanding marketing expertise, leadership qualities and sound business acumen have led our...
