Srishti/Craftus

<https://www.indiamart.com/srishti-handicraft/>

Srishti is a well-known manufacturer and supplier of a diverse range of exquisite and eco-friendly jute, Cotton, Canvas bags and utility product. These products are highly appreciated for their utility value, smart look and competitive cost.

About Us

Srishti was incepted in the year **2007** as a small manufacturing unit in Pune. Our products are environment friendly and biodegradable. Over the year Srishti has increased its manufacturing capacity with in house facility of Printing, cutting, stitching and quality checking.

The products developed with collaboration of Textile and Accessory designer and execute with utmost precision. Under the able guidance and supervision of our esteemed founder **Ms. Debjani Banerji**, we have been able to touch the limitless skies with a motive of satisfying the clients at various levels. Our expert and able team can handle monthly production capacity of 60,000 bags. Their expertise in crafting the products understanding the existing trends have been beneficial for us to match up with the growing demands of this generation.

Being a client centric organization, we aim at offering maximum satisfaction to clients. We customize the product understanding customer's need. In making this happen, we work on varied parameters. We also offer solutions of our hand crafted products under short term notice period that to following the instructions and specifications of clients. Our products are unique, contemporary in affordable and competitive rate.
