About Us

We, **S.R.M Machines Center**, have carved an enviable niche in the business of industrial manufacturing machinery. Established in the year **2008**, we are located in Chennai, Tamil Nadu, from where we control our commercial progress. We are the leading manufacturer, trader and supplier of a wide assortment of production line machinery such as Milling Machine, Lathe Machine, Grinding Machine, Power Press, Band Saw Machine, Hydraulic Press, Horizontal Boring Machine, Plate Bending Machine and many more. We manufacture these products that find application in various firms and industries such as drilling, etc. We desire the best form of satisfaction and convenience for our customers, which are reflected in the finesse of our offerings and services.

We use high grade raw material of metals and ingredients for the manufacturing process. The raw input is sourced from the most reliable vendors in the market. The ingredients are passed through further quality checks, following which the entire formulation process begins. Quality is guaranteed with the implementation of stringent parameters and quality checks put throughout formulation and after finish. We employ about 10 highly trained and skilled personnel to undertake the burdens of running and monitoring such huge tasks of production. We are based on a huge sprawling infrastructure for receiving contracts in bulk and carrying out completion within the set time-limits. Supplies are carefully stored in the...
