<https://www.indiamart.com/ss-turbotech/>

We are a distinguished manufacturer and exporter of technically advanced and precision engineered steam turbine parts and machinery. The range manufactured by us is highly acclaimed by clients for being durable and robust in construction.

## About Us

We, “**S. S. Turbo Tech**” came into existence in the year **1987** as an individually managed sole proprietorship firm engaged in manufacturing, supplying and exporting premium quality **steam turbine parts and machinery**. We have carved a niche in the domain of manufacturing, supplying and exporting a vast range of superior quality **Grinding Equipments, Grinding Machines, Industrial Bearings and Machined Component**. Known for its compatibility with set industry standards, our range has gained huge appreciation from clients based across the Indian Subcontinent. Some of the main features of our range are durability, reliability, optimum performance, tough construction and long service life.

Leveraging on its ultra-modern manufacturing facility, we have earned excellence in designing and fabricating our complete range with utmost quality. We utilize high-end technologies and sophisticated machinery to manufacture our range in compliance with standard specifications and clients' requirements as well. Furthermore, the assistance of an adept workforce comprising diligent, young and enthusiastic professionals; has enabled us to run all the business operations in an effective manner.

We have grown by leaps and bounds under the brilliant guidance & mentorship of our owner “**Mr. K. Ananda Babu**”. His keen business farsightedness and sound experience of relevant domain have enabled us to gain high proficiency in...
