We are one of the leading Manufactures, Suppliers and Exporters of Industrial Steel Products. In addition, we also offer our clients with impeccable Construction Services. Our products and Services are acclaimed for excellent quality features.

About Us

We, **S. S. Mech Tech**, are new entrants in this business domain having started our business in the year **2011**, with the aim of manufacturing, supplying and export of **Industrial Stainless Steel Products**. Along with these products, we also offer our clients with impeccable **Construction Services**. We leverage the presence of an expert team of personnel who enable us offer unmatched product range to our clients.

Our personnel bring in with them years of experience in this domain and enable us meet the clients' requirements with utmost efficiency. These personnel utilize our sophisticated infrastructure facility to the fullest and offer durable, reliable, and corrosion resistant products. Our personnel manufacture these steel products in different lengths and diameters. We also leverage the presence of our architects and construction workers who facilitate us in offering quality construction services to our clients.

Our Director, **Mr. H. P. Singh** has been an influential person for our team. He guides our team in understanding the critical requirements of our clients and offer impeccable solutions. His expertise along with business acumen has enabled us establish a strong foothold in this competitive market. Thus, owing to these attributes, we have emerged as one of the...
