About Us

Star Networking Services (SNS) was established in the year 1998 and have gained both the experience and credibility that has ensured our reputation as one of the most respected and trusted service provider in the industry today.
Our proven experience in the field of on-site telephone & computer cable installations have established ourselves as a total solutions provider of cabling and Network design services to a broad range of customers.
We attribute our success to the quality of our staff, proven management techniques and our firm commitment to work closely with our Customers from the beginning of any project. These, combined with well-established procedures ensure that our Customers get the cabling system that is right for them, and the project is completed on time and within budget.
