

Star Special Air Gases Private Limited

<https://www.indiamart.com/star-special-gases/>

We are engaged in producing, exporting and supplying of an array of industrial gases such as nitrogen, carbon dioxide, oxygen, argon and more. These find usage in a large number of chemical, beverages and other allied industries.

About Us

We **Star Special Air Gases**, are one of the reputed producers and suppliers of different types of chemicals and industrial gases through liquid pumps with vaporizers. Catering to the application needs of petrochemical, medical and other industries, the range of gases we offer include nitrogen, argon, carbon dioxide, oxygen, calibration gases, hydrogen gas (high purity), liquid nitrogen, liquid argon, liquid oxygen, liquid carbon dioxide, zero air.

Established in the year 2004, our company is headed by **Mr. Deepak Dua**, whose deep industry knowledge has helped us in providing better output to clients. Further, our comprehensive laboratory facilities and state-of-the-art infrastructure assure that quality is guaranteed in each deal. It is the result of our short delivery timings, comprehensive prices and volume flexibility that has enabled us to mark a name in industry market.
