About Us

Established in the year **1984**, **Study Group** is a reputed and prominent **consultants and service provider** of workshop services for various purposes from our operational headquarter located at **Kolkata, West Bengal (India)**. We started our business activities as a **Sole Proprietorship** based firm in this industry. We have successfully made a significant mark through our quality standards for all of our services using our years of experience in this industry. Our services comprises of **Conjugate behavior Therapy, Teen Empowerment Workshop, Neuro Linguistic Programming, Stress Management Service** and many more. Innovative techniques with strong backing in the industry, education, human resources and personal development coupled with state of the art equipments, the best that technology has to provide has aided our clients immensely. Our devotion towards work and respect for clients have put in to win trust of our clients and building a lifelong relationship. Moreover, we execute these services at market leading rates. We are functioning under the esteemed guidance of **Mrs. Sujata Mukherjee**, who is designated as the **Director** in the company. Through her vast industry experience and inspirational leadership abilities, she has been able to take the organization to newer heights. In addition to this, she provides regular perks and benefits to the employees, for keeping them motivated and satisfied. Mrs Sujata...
