We are manufacturer and exporter of extruded rubber products and qualitative industrial fasteners. These products are in wide demand among several industries.

About Us

Established in the year 1980, we have hands on experience in manufacturing and exporting various rubber products such as **Radiator Hoses, Rubber Gaskets, Air Intake Hoses, Rubber Engine Mounts, Rubber Fuel Tubes, Pivot Bushes, Rubber Bushings, Transition Seals, Silent Blocks / Bushings, Rubber Dampers & Link Hanger Bushes**. In addition to this we also manufacture **Sealing Systems, Anti Vibration & NVH Applications, Fluid Systems, Boot & Bellows, Air Intake & Other Molded Hoses & Exhaust Hangers**. With a humble beginning as a small entrepreneur in the rubber processing industry, over the years today, we have transcended and are counted amongst the top manufacturers, which is known to cater to the client's specific requirements. Being a quality conscious organization, all our efforts are directed towards ensuring the highest degree of quality in our range of products. This assures us of winning the trust and confidence of our clients.
