## About Us

Established in the year of 1980 as a fabrication shop exclusively to supply boiler components, Super Shaper has established itself as the leading ducts manufacturer and FRP tanks supplier exporter in India. We specialize in the manufacturing of industrial material handling equipment and boiler supporting columns under various inspection agencies that includes NTPC, Tata Consultancy Engineers. The company is situated in the developed plots of industrial estate, Thuvakudi, Trichy. We execute orders for private companies and for BHEL, Trichy. Through the application of skilled and watchful management, the company steadily grew year by year and widened its market. The basis which makes our product range unique, lies in our approach where attention is paid toward each and every possible aspect. The work force is possessed with two decades of experience in the fabrication activities. The company is constantly endeavoring to enrich their knowledge by trying new orders for manufacturing sophisticated jobs. Lead by a young and energetic engineer and backed by well experienced technical personnel, the company is poised to make significant progress. Our sustained relationships with the esteemed clients serve as a testimony that has earned a lot for us. Welcome to the incredible arena of **Super Shaper**. Among all superior quality products manufactured by us we are most famous as expansion joint manufacturer and material handling equipment exporter across India. All the products...
