# Super Forgings & Steels Ltd.

<https://www.indiamart.com/superforgings-steels/>

Our company specializes in manufacturing and supplying a precisely designed array of Steel Alloys, Rolling Products, Steel Bar and many others. We have achieved an ISO certification, just because of our products' excellent quality.

## About Us

**Background:** The SFSL started its journey in the year 1968 with variety of Alloy and Special Steels Forgings and Rolled Products. Initially it played an important role in Import substitution. Subsequently it specialized in production of high value and higher grades Tool & Die Steels in special sizes creating a niche market for its products with the help of modern and latest technology.

**Track Record:** SFSL is one of the most experienced and quality conscious companies in the private sector producing Tool and Alloy Steels in India. It has emerged as a company engaged in continuous Research & Development and technological advancement to satisfy the end-users regarding quality and timely delivery of finished products. We have a team of efficient, dedicated and dynamic professionals. SFSL is supplying it's variety of products to core sector industries like Automobile, Defence, Aeronautics, Power Generation, Machine Tools, Tool Manufacturing, Forging and General Engineering.
