microscopes etc.

About Us

Leveraging upon the rich industry experience, we, Superior Scientific Industries have emerged as a trusted manufacturer, exporter, trader and supplier of a wide assortment of Scientific Instruments like Emission Spectrometers, Optical Emission Spectrometer, etc. Our company was formed in the year 1980 and since then, has been operating business in a successful way. Our offered products include Emission Spectrometers, Optical Emission Spectrometer, Traveling Microscope, Astronomical Telescope, Binoculars Microscopes, Ovens, etc., that are manufactured under the strict vigilance of industry experts. These have gained lot of attention for their safety operation, reliable performance, accurate results and long service life. Moreover, they are made using high grade components and materials that are procured from a selected base of vendors of the market. The production is done through latest machines that are technologically sound and thus, give the best results. Our company has a huge infrastructure, which we have planned in a proper way, in order to carry all business operations in an unified manner. We have segregated the entire area into several departments like the warehouse, manufacturing unit, research and development, quality testing lab, packaging and more. Since, we are a client centric firm, we make sure that top priority is given towards achieving the requirements placed by our esteemed clients. Our team of dedicated professionals, work sincerely...
