Manufacturer and trader of expanded polyethylene foam, air bubbles bags etc.

## About Us

As the Industry is marching towards one stop solution on packaging needs, SUPERPACKS offers a wide range of protective packaging products. This enables customers to source their requirements at single location. Our motto is "One stop on Protective Packaging needs".

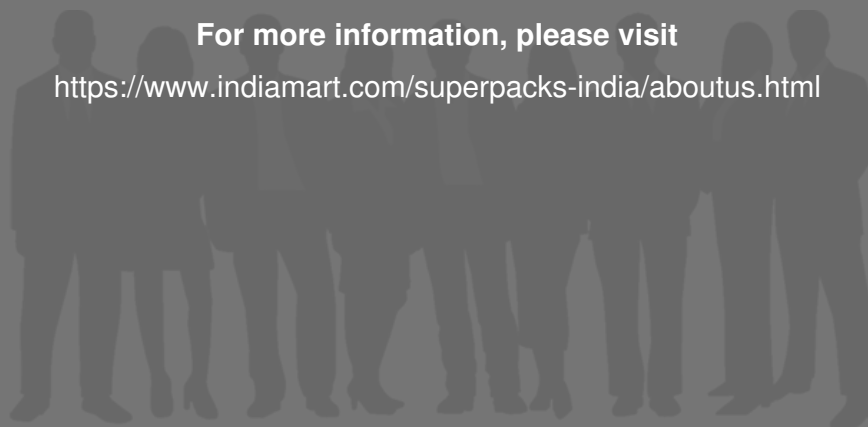

Our main strength lies in Design, Development and Supply chain management in Protective Packaging Products. SUPERPACKS' drive to move up the value chain has inspired the setting up of a full fledged Design and Development team for IT and Non-IT sectors. Its research concentrates on developing cost effective packaging solution to ensure total customer satisfaction. Being a proud member of ISTA our access to latest packaging test standards and procedures to ensure adequate protection & cost effective solutions to your products.

SUPERPACKS' manufacturing facilities are ISO 9001:2008 certified by PERRY JOHNSON REGISTRARS, INC. Our passion for quality products has facilitated to explore & capture new markets. A full-fledged Quality Assurance team ensures that every product adheres to international quality standards.

With a customer base covering over 100 satisfied clients in INDIA, M/S. SUPERPACKS is today the leader in enterprise-wide total solutions in Protective packaging products. Our products find applications in fields such as Computer manufacturing, Electronic Components, UPS equipment, Telecom products, Automobile products, Acoustics etc.
