We are the affluent manufacturer, trader and Supplier of variety of Kitchen Equipments. Known for their sturdiness and excellent functionality, these equipment are designed precisely by experts from this industry.

About Us

Surekh Enterprises, was incorporated in the year **2005**, at Pune (Maharashtra, India) as industry competent manufacturers, trader and suppliers of quality Kitchen Equipments, such as Cooking Equipments, Canteen Table and Commercial Kitchen Equipments. With the help of our technical expertise in this field, we are giving productive storage and retrieval solutions to save valuable floor space and eliminate unnecessary operator movement. These products are fabricated by our experts utilizing ideal quality material in our sophisticated production unit. Furthermore, we utilize propelled innovation, most recent apparatuses and machines to fabricate these products in complete agreement with the global principles of value.

To fulfill our customers with products that perfectly comply with the set business standards and are according to the details laid by our customers, we have built an in-house quality control unit. In this unit, our every single product goes through multi-level checks for specific parameters before conveyance at customer's end. In order to manufacture these products, we source parts from the most renowned vendors in the business sector and check these on different quality parameters. Owing to our moral business strategies and straightforward business dealings, we have been able to set a benchmark in this domain. Our convenient conveyance, quality-driven methodology and focused costs have empowered us to secure a wide customer base the...
