## About Us

We keep an eye on our services by appointing qualified operational staffs who are professionals in their work. The operational staffs include the field officer, manager- operations and Branch head. The appointed operational staffs would visit the client locations regularly during the day and night and will keep good watch. The central room is kept to keep watch 24\*7. During emergency situations the client can immediately contact the CEO and MD. Feedbacks are regularly welcome from clients which will help to improve our service.

We aim to provide total security 24\*7 by appointing professional staffs like field officer, manager- operations and Branch head. The professional staffs keep a watch on the locations both during the day and night. In case of emergency, the clients are free to contact the CEO and MD. Monthly feedbacks are taken from the clients in order to improve our service and give better security.
