About Us

Svk Systems Incorporation was established on the year of 2011. We are a leading Service Provider of Application Development, Systems Integration/consolidation, It Solution Service, etc. SVK Systems is an international software development and Business Process Outsourcing company based in USA with its Branch offices. We employ highly qualified software development engineers and process executives. we provide our clients with the security and operational development framework they require.

Company was founded in 2003 with a team of enthusiastic IT specialists who wanted to overcome the routine and create a company that would act in the market not only for business success but for the sake of Technology itself. Thus, the mission of the company was defined – to contribute to forward-looking transformation of the society through Information Technology. Over these years of work, we have developed a range of solutions and gained ample experience in the services we offer: Application Development, E-commerce Solutions Development, E-learning Solutions Development, Web development, Legacy Application development, Consulting, Quality Assurance.

Our specialists have been providing software development and Business Process outsourcing services for USA, Europe, India and African countries, Over 8 years, we have completed different kinds of projects; and we specialize in automation of business processes used by our clients. We are certified partners of...
