We are one of leading manufacturers & suppliers of premium quality **Rubber Extruded Products & Rubber Components**. These are known for their hassle free installation, minimum maintenance, impeccable finish & long functional life.

## About Us

Known for manufacturing and supplying a wide range of optimum quality Rubber Components, **Swastik Rubber Products**, Mumbai was established in the year **2012**. These offered rubber components offered by us comprise of various Silicon Rubber Products, EPDM Rubber Profiles and Rubber Profiles for Aluminum Doors & Windows. The rubber that is best in the market is used for manufacturing of these rubber components. Owing to the excellent performance, long functional life, hassle free installation, and ability to withstand high temperature & pressure, these rubber components are highly demanded in the market. Manufactured as per the industry laid standards, these rubber components find wide application in electronic, chemical and automobile industries. Also, as per the specification provided by the customers, these rubber components are custom designed.

Our organization has been backed by a state-of-the art infrastructure that has ability to meet bulk orders, within stipulated time frame. In a zest to ensure a steam-line production, we have divided the infrastructure into various divisions. Spread over a long area of land, our production unit is equipped with ultra-modernized machinery. Our company has hired highly skilled and experienced engineers, to effectively operate this machinery.

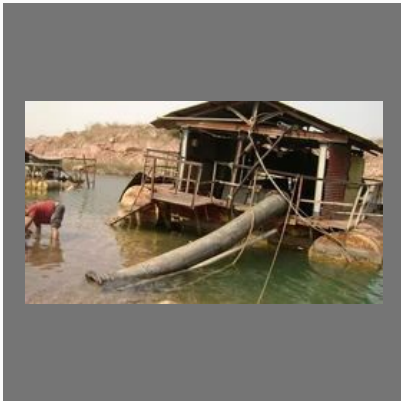

Our company was established as proprietorship firm and is currently operating under the expert guidance of our director, **Mr. Rakesh Chauhan**. Owing to...
