We are a sole proprietorship concern, known as **Syana India** and are Importer, Distributor, Manufacturer and Exporter of Medical Devices, Hospital Furniture, Blood Bank Laboratory Equipment and a host of other Medical Products.

About Us

*Established in the year **2008**, we are a sole proprietorship business unit dealing in **Medical Devices, Hospital Furniture, Blood Bank Laboratory Equipment** and a host of other **Medical Products**. We are manufacturing a number of such items and supplying them to our customers in India as well as outside India. Not only this, we are also importing a lot of such equipments and other products from global market and supplying them to our customers as per their demand.*

We, at Syana India are fully conscious of our social responsibility to supply quality goods to our customers since the industry we are working in is basically a service industry. In this industry there is no place for dealers who compromise on quality. Ethically, we can't just afford to be profit oriented alone when dealing with human welfare. Even commercially it is an extremely bad idea to be complacent or negligent while dealing with our fellow human beings. Thus, aware of our social responsibility towards not only our own customers but to the society as a whole, which is, in turn their customers, we have laid down stringent quality standards not only for the products we manufacture ourselves but even for those we import from abroad. We have a system which doesn't allow even a slightly substandard product to get out of our manufacturing unit. As for the products we import we ensure their quality firstly by dealing with only well established and leading...
