Btali International

<https://www.indiamart.com/talibson/>

Our company is a reputed **manufacturer and distributor** of the wide assortment of **Pump Set and Welding Machines**. These products are admired for their excellent performance and long service life.

About Us

Established in the year **2016**, we “**Btali International**” are engaged as the foremost **manufacturer and distributor** of high-quality **Pump Set and Welding Machines**. Offered products range consists of **Btali Automatic Pump Control for Water System, Air Compressor, and Btali Automatic Pressure Booster Pump Series Domes**. All offered products are manufactured using quality tested components and latest technology as per industry norms. Our range has gained trust owing to the features like trouble-free operation, low maintenance, compact design, low power consumption, and long service life. In order to manufacture these high-quality pump set and welding machines, we are supported by an ultra-modern infrastructure facility. Our infrastructure is fully equipped with the latest technologies at our research center and manufacturing base. Further, our day to day operations is based on a corporate philosophy of integrity, which earned us several landmarks of success during our starting. In adding to this, our dedicated manpower also helps us to pioneer new trends in developing cost-efficient machinery. We can also customize our products specifications as per the demand of our customers. Under the headship of our marketing manager **Mr. Murtaza Bhopalwala**, our organization is growing fast in this industry. He is having deep marketing knowledge and experience of this industry, which has continuously...
