About Us

Established in the **Year 2012**, we, “**Tanish Filters**”, are a renowned manufacturer and supplier of a quality assortment of **Industrial Filters, Hydraulic Filters, Gas Filters, Oil Filters, Glass Fiber Filters, Air Filters, Dust Collection Cartridges** and **Strainers**. All the offered filters are designed and manufactured under the strict supervision of professionals following industry standards. In order to meet the needs of varied customers, we offer these filters and other products in varied sizes and designs. Moreover, the strainers offered by us are widely used in varied industrial applications. All offered our products are appreciated in this highly competitive market for their attributes like resistance against rust and high durability. A modern infrastructure facility is established by us for having streamlined execution of all the business operations in a coordinated manner. The infrastructure of our organization is equipped with advanced machines and technologies that are essential for bulk production. Machines that are widely used in manufacturing these products are regularly upgraded and oiled by our team of R&D experts for retaining an excellent production rate. Moreover, for keeping the manufactured products as well as procured raw material, we have established a capacious warehousing unit at our base. Due to the excellent connectivity of our warehousing unit with varied transportation networks, we...
