

TECCON RANGE OF HEAT EXCHANGERS	
--	--

OIL COOLERS	For lubrication of Machine tools, hydraulic Centrifugals, Quenching systems, Transformers, Turbines, Gear Box etc.
AFTER COOLERS	For Air& Gas Compressors
CONDENSERS CHILLERS	For Steam and Process fluids for refrigeration systems
FUEL OIL HEATERS	For Pre-heating furnace oil
WATER WATER HEAT EXCHANGERS	For generator sets, furnaces and bearings cooling For thickening process liquids
EVAPORATORS	For hot air generation for drying applications
REBOILERS	For distillation applications
WATER HEATERS	For hot water generation
