<https://www.indiamart.com/technocrant/>

Providing all types of job recruitment services and marketing services.

About Us

Techno Crant thinks about innovation, it tends to speak less about its technology and more about ways of doing things- building talent communities". Techno Crant is managed by professionals who are having vast experience with highly reputed Manpower Management Consultants to provide end-to-end recruitment solutions to its clientele. Techno Crant clientele have been availing the services continuously to fulfill their vacancies of Manpower from time to time. In order to make sure that the clientele are getting a suitable candidate as per their criteria and to achieve the standard of excellence of selection and services, Techno Crant is having a panel consisting of experts to interview and do final selection for the client from different faculties and availing their services from time to time as and when required. Techno Crant is having an experts panel from varied fields, The scrutiny of candidates by our panel of experts in every field ensures that the clientele are provided with the most suitable, efficient and dedicated candidates are short-listed. The selection team will decide upon the suitability of the candidates to be recommended to the prospective client as per the specifications given by the client. The Recruiting departments mission is to have the right people available at the right time so that the organization can meet its growth and performance objectives. This charter is usually executed through multi categories of work: Planning, Sourcing, Qualifying,...
