We are an the finest Manufacturers and Suppliers of Laboratory Glass Equipment. Our product range is valued for its high quality standards, reliable performance, dimensional accuracy and longer service life.

About Us

We, **United Scientific Corporation**, established in the year **1990**, formerly known as **Thakur Scientific Corporation** which run by our father Mr. Hemraj ,are known for manufacturing and supplying high quality Laboratory Glass Equipment. The product range offered by us is inclusive of Laboratory Glassware, Laboratory Glass Accessories and Laboratory Tubes. This range is manufactured from premium quality glass and in compliance with the industry laid regulations. Owing to its excellent heat resistant property, durable construction, high accuracy of calibration, leakage proof design, resistance to different chemicals and dimensional accuracy, the offered range is highly demanded in medical labs, forensic labs, school labs, science labs and pharmacy. In addition to this, the offered range is available with us at pocket-friendly pricing.

Valued for its large scale production capacity, our infrastructural facility is well-equipped with latest tools and equipment. Our infrastructure is carefully divided into several units such as manufacturing and in-house quality testing unit. This division ensures that all the on-going manufacturing and in-house quality testing procedures are carried out in the most efficient manner.

Under the leadership of our chief executive officer, **Mr. Mukesh Kumar**, we have been able to cater to a praiseworthy position in this domain in such short intervals of time. He with his innovative business ideas,...
