

Thermal Engineering Corporation

<https://www.indiamart.com/thermalengineeringcorporation/>

We are manufacturer, exporter and supplier of industrial air blowers, centrifugal blowers, fans, pollution control systems, vibrosieves, heat exchangers, industrial ovens, rotary furnaces for copper and lead.

About Us

Established in 1981, we Thermal Engineering Corporation have grown up as a leading manufacturer and supplier of superior quality thermal & engineering products .Our range of products include Industrial Air Blowers, Exhausters, ID & FD fans, Lead Refining Pots, Vibratory Screens, Cleaning Scrubber, Industrial Vibratory Screens, Industrial Cleaning Scrubber, Heat Exchangers, Industrial Oil Burners, Vibrosieves, Electrical and Flue Gas Ovens, Ball Mills,S.S Mixers for food processing industry, Refining Furnaces, Pollution Control Equipment etc. Through our vast experience, we have developed in-depth knowledge in the manufacturing of our range of products. We manufacture equipments & machinery that are engineered with a sole purpose to deliver power-packed quality products with efficiency and durability. We have a well-equipped manufacturing unit having top-notch support system and backed with experienced professionals. We are consistently catering to the various clients. We constantly move ahead with our dedication to enhance the product quality and service to the finest level.

DUST COLLECTOR

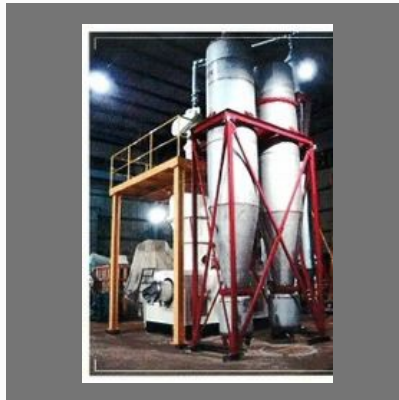

Air Pollution Control System

Silo Vent Filter

Multi Cyclone Dust Collector

Multiclone Dust Collector

BLOWERS

Double Stage Air Blower

Exhaust Air Blower

Id Fan Impeller

Fan Filter Unit

VIBROSIEVES

Vibro Sieve Shaker Machine

Metal Powder Multi Deck
Vibrating Screen

Vibro Sieve

Circular Vibrating Screen

LEAD ACID BATTERY EQUIPMENT

Lead Alloying Pot

Lead Acid Battery Recycling Plant

Lead Refining Pot

Lead Ball Casting Machine

WET SCRUBBER

Packed Bed Scrubber

Air Scrubber

Gas Scrubber

Fume Exhaust System

HOT AIR OVEN

Industrial Ovens

High Temperature Oven

Electrical Heated Oven

Waste Heat Utilizing Industrial Oven

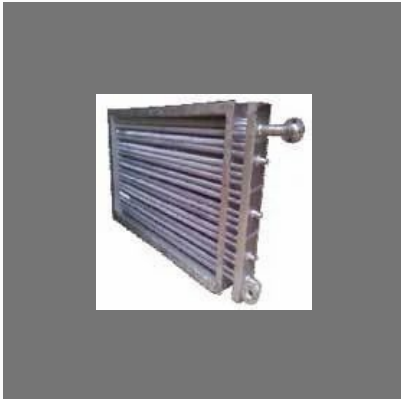

HEAT EXCHANGER

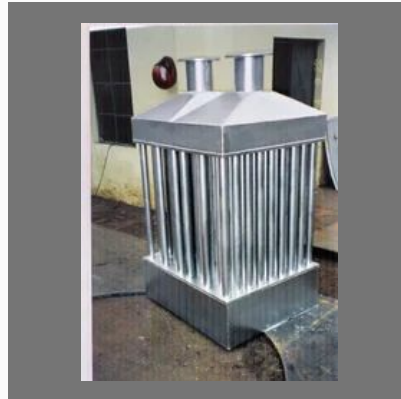

Waste Flue Gas Heat
Recovery System

Shell Tube Heat Exchanger

Finned Tube Heat Exchanger

Recuperator

TANKS

Air Compressor Tank

Frp Lined Acid Storage Tank

Metal Storage Tanks

Poly Propylene Tank

OTHER PRODUCTS:

Heavy Duty Cast Iron Rotary
Air Lock

High Pressure Blower (Single
Stage)

Vibrating Screen

Molten Metal Stirrer

OTHER PRODUCTS:

Scrubber

Energy Saving Flue Gas
Circulation Industrial Oven

Air Preheater

Factsheet

Year of Establishment	: 1981
Nature of Business	: Manufacturer
Total Number of Employees	: 11 to 25 People
