About Us

Vishwa Group had a humble start in the early 60's as a modest manufacturing unit and during last 5 decades has gradually expanded its activities to keep pace with the industrialization of the country. Today it is an established name in the areas of Designing, Manufacturing, Installation and Commissioning of bulk material handling systems. All these have been achieved through its continuous in house research and development efforts and by dint of VISHWA's control on quality and reliability of its products, it is now a certified ISO 9001:2008 company. The three companies that function under its aegis are

- Vishwa Industrial Co Ltd
 - Vishwa Microprocessors Pvt Ltd
 - Trolex India Pvt Ltd
- VISHWA's products are also in the export market. A sizeable order of Conveyor Spares (ROLLERS/IDLERS etc.) has been executed for ZAMBIAN COPPER MINES through M/s. TATA Exports Limited. Recently a trial order from Real Time Instrument, Australia for supply of Idler sets has been executed to the satisfaction of the purchaser, awaiting order for Bulk quantity. VISHWA's diverse activities include construction of Coal Washeries, CHPs in consortium with Mukund Steel Ltd., Mumbai and China Coal Overseas Development Corporation, P.R CHINA. Necessary Design, Engineering, supply of equipments are also part of our activities . OUR VISION To be established as a global leader to engineer, manufacture, supply and install technologically...
