About Us

Uma Plastoware Private Limited was established in the year 1998, our company is founded by Mr. M. J Gupta whose rich experience in the field of plastic injection molding took the company to newer heights. We, are a well known company in the field of manufacturing & exporting injection molded plastic products such as different types of industrial spares, stationery & household items like mugs, buckets bowls, planters, trays etc. Catering to various industries like food & beverage, home appliance, packaging etc. We provide environment friendly plastic products to our customers worldwide. Our range of plastic injection molded products are manufactured as per international standards and maintains the various parameters of quality.

Our well-oiled in-house facilities help us to meet the defined quality & environmental parameters. Our expertise in the domain enables us to design, develop & deliver injection molded plastic products as per clients specific requirements. We, specialize in manufacturing and exporting of household plastic goods. The company widely deals in product range which can be broadly categorized into household articles, industrial plastic spare parts and stationery items. Over the years, consumers have come to appreciate the utility of plastics in keeping food safe and fresh. In the home, plastic wraps, storage containers and other household plastic wares help in keeping your food decontaminated thereby adding safety to your family....
