Unique Trading Estate

<https://www.indiamart.com/unique trading estate/>

We are counted among the well established manufacturers and suppliers of quality proved building materials like doors and door frames, laminated wooden flooring and many more that are used in many the construction industry.

About Us

The presence of over 13 years in the industry with the underlying interests in manufacturing and supplying of building material like doors & door frames, composite panels, laminated wooden flooring and many more, have enabled us to gain a competitive edge in the market. Catering to the requirement of construction companies, our range of qualitative building materials are manufactured with the latest and trendy designs. The consistent efforts of our owner Mr. Mohd. Usman Khan has won us a large client base in the market. His profound experience and knowledge in building materials has enabled us to offer our clients with a product line that complies with the industrial standards. The seccolor systems offered by us is the result of the advanced computerized technology for the production of cold rolled profiles, which are ideally suited for the Indian weather.
