

# Universal Diagnostics

<https://www.indiamart.com/universaldiagnosics/>

We supply high quality scientific products and solutions to service customers in the general laboratory, pharmaceutical, biotechnology, food and beverage, chemical and petro-chemical, environmental and industrial markets.

## About Us

Established in 2004, **Universal Diagnostics** aims to be not just a supplier of laboratory equipment but a partner who provides a crucial link with the best in scientific equipment advancement. We have acquired some of the best known names in the industry as our clients. The long list of satisfied clients speaks volumes for our rapid growth in the chemical business. We regularly receive repeat orders and have done continual assignments for our Indian clients. In the twenty first century the latest technologies have enabled huge advancements in the area of Laboratory equipment and allied products. Quality to us means delivering the right and best product at the right price and within the time agreed upon. Since we are working in the field of clinical consumables for laboratories, it is imperative that we shoulder the burden of providing the raw material that enables science to march forward. Typical applications can be found in a variety of industries: textiles, automotive, paints and coatings, plastics and polymers, paper, chemicals and pharmaceuticals. Excellent service, constant quality and a wide variety of products are our main business strengths.
