About Us

We, **U. P. National Manufacturers Limited**, incepted in the year, **1960** as manufacturers of a comprehensive range of **Water Pumps, Chemical Pumps, FHP Motors, Industrial Pumps, Sirens, Sewing Machine Motors etc.** Our organization is the country's oldest serving water pump manufacturing unit that has been serving the nation successfully for the last half a century. Today, we are recognized as the pioneer in the small domestic water pump market. We started our export operation in the year, 1975, with our first shipment of TULLU Water pumps to Dubai. Since then, we have spread our net wider and today our products are exported to countries of **Indian Subcontinent, Central America, South America and North America.** Our product range of small pumps has total brand recall. Our name today is associated with small water lifting pumps. We have worked very hard to install a state-of-the-art manufacturing unit, which has helped us to diversify to manufacture energy efficient products. As part of our diversification plan we have started exporting Antique Colonial Desks, Pedestal and Ceiling Fans to Australia. We have built up an excellent rapport with customers with our range of value added products. Our **Varanasi Uttar Pradesh (India)** based organization has spread its roots and branches like a huge tree. Two thousand people are gainfully employed in our organization. Our products can be availed from exclusive places globally, such as...
