<https://www.indiamart.com/uupowerproducts/>

We are leading **Manufacturer** and **Supplier** of **Toggle Switches, Rocker Switches, Slide Switches, Push Button Switches, Micro Switches, Tact Switches, Boat Switches, Automotive switch, Power Socket and Indicator Light.**

## About Us

**U & U Power Product** is a **Ahmedabad** based leading concern. "**Mr. Shyam Agarwal**" having 20 years of experience in related sectors, is founder and proprietor of the company. His efficient management and farsightedness have made it popular and leader in the market. The company deals in all types of **Switches like-Rocker Switch, Toggle Switch, Micro Switch, Push Button Switch, Slide Switch, Tack Switch, Rotary Switch** and **many more**. All these products are widely used in electronics & electrical industries mainly in power product, stabilizer, inverter, UPS and electronic instruments. After its inception in 2004, the company has grown by leaps and bonds. Its quality consolous approach and responsive service have made it popular and dominant in the market.

The company has well qualified and dedicated team of professionals, engineers and technicians having years of experience in their field. They are capable to yield world class services to its customers. This is why, its products and services have big demand in the market.

U & U Power Product is one of the leader importers of the above products. It exports its products mainly to **China** by third party. In future it is planning to manufacture world class switches. It markets its products through distributors in all over India.
