About Us

Established in the year **2009**, we, “**Vetalbuba Hundekari & Krushi Kendra**”, have emerged as a leading wholesaler and supplier of **Potatoes And Onions**. These food products have been sourced from leading farmers, who own vast farm lands and cultivate these products under utmost hygienic conditions. The soaring demand for our products is due to their freshness, rich taste and high nutritional value. We ensure to certify their taste and freshness prior supplying these to the retails chains, restaurants, hotels and vegetable market.

Taking into account the perishable nature of these food items, we have minimised the time lag between the duration of their cultivation and supply in the market. This has helped us in gaining a major share in the food market for our timely supply of fresh raw vegetables. These food items are stored in a staunch warehouse, wherein our storekeepers maintain optimum temperature for their safety.

We are led under the able guidance of our mentor, “**Mr. Ramseth Todkar**”, who has helped us discover improved ways of gaining maximum clients satisfaction. His assistance in our business activities has been vital in all our undertakings.
