About Us

Incepted in the year 1985, we, Vijay Industries are a well known name in the bobbins and clamps manufacturing industry. Capitalizing on our deep knowledge and vast experience, we design and develop an unmatched range of Bobbins, Clamps, Nylon Bobbins, Epoxy Bobbins, Transformer Bobbins, etc. We are a leading preparer Trader, Exporter, Importer & Supplier of world class Bobbins & Clamps. Our products are widely used in the automotive industry, electrical industry, and electronic industry.

We endeavor to fulfill customer demands as per their requirements with enhanced production ability. Bobbin is a winder around which thread or tape or film or other flexible materials can be wounded. Its structural design is like a hollow cylinder with two circular discs at both the end. Our engineers and designers pour in their utmost talent to do justice with its structural designs. About 30 years of long experience has made us proficient in developing all types of bobbins and clamps in sync with the international quality standards. To ensure total customer satisfaction, we quote industry's leading prices and stick to delivery schedule under all circumstances.
