Vijay Engineering & Machinery Co

<https://www.indiamart.com/vijayengineering/>

We are one of the leading supplier and exporter of a wide range of pumps and valves manufactured by Kirloskar Brothers Ltd., Mody Industries Pvt. Ltd. & I. V. I.

About Us

Established on 11th August, 1948, Vijay Engineering & Machinery Co. is engaged in supplying and exporting of a wide range of pumps and valves manufactured by reputed companies like Kirloskar Brothers Ltd., Mody Industries Pvt. Ltd. and Indian Valve International. We are an authorized distributor of Kirloskar Brothers Ltd. for their different types of pumps including horizontal pumps, vertical pumps, water handling pumps, process pumps, solid handling pumps, inline pumps, submersible solid handling pumps, monoblock pumps and self priming pumps. Leveraging on our team of technical engineers, we can provide excellent after sales services for pumps, motors and engines installed anywhere in India

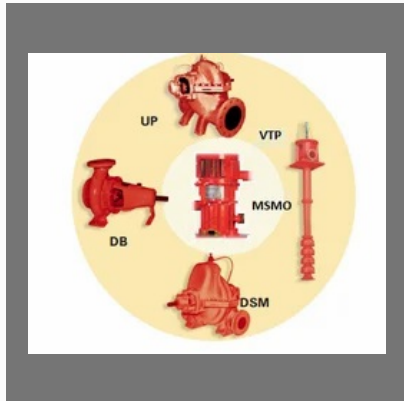

Under the able and efficient guidance of our mentor and owner of the company, Mr. S.S. Shah, we have always emphasized our operational activities on excellent service for our clients. Over the years, we have garnered a reputed name for ourselves among a wide base of clients across the globe that includes some reputed names like TATA Power, Blue Star, Reliance Industries Ltd., ONGC and Mumbai Municipal Corporation. To serve our clients efficiently, we have a strong team of around 12 engineers for technical support.

With an idea to offer “low life cycle cost” for our products, we along with M/s Kirloskar Brothers Ltd. have initiated energy audit programs for various industries. The extensive infrastructure of our main partner Kirloskar Brothers Ltd....
