

# Vijaykumar Refractories & Chemicals Pvt. Ltd.

<https://www.indiamart.com/vijaykumarrefractories/>

We are leading manufacturers of Water Glass Silicate Cements, Vikoproof Resin Cements, Vikoproof Hot Pour Cements and Allied Products since many decades.

## About Us

We, "**Vijaykumar Refractories & Chemicals Pvt. Ltd.**", are a distinguished manufacturer and contractor of quality made corrosion resistant cements & inter liners. Our equipment are manufactured using superior material and are in compliance with the latest trends of the market.

We are backed by adroit professionals, who are dedicated to provide highly precision products to be used in the various industries. They engage in relevant research work and ensure that our products are in compliance with the set industry norms. Backed by expert quality controllers we are able to maintain the quality of our products. They check our products on well-defined parameters and ensure that these are at par with the international quality standard.

Under the leadership of our mentor, "**Mr. R. Suramianiam**", we have emerged as a tough competitor in the segment. His manpower management skills and years of experience has helped us in understanding the requirements of our clients and providing them with an effective range of products.
