# Vinco Industries

<https://www.indiamart.com/vincoindustries/>

We are a prominent manufacturer and exporter of a qualitative range of oil expellers, palm oil expeller spares, bucket elevators, hypoid bevel gears and pressing worms. Our range is widely utilized in engineering and construction industries.

## About Us

We, “**Vinco Industries**” are one of the established names engaged in manufacturing and export of a wide range of high quality **oil mill machinery, oil expeller & spare parts and industrial gears**, which are widely used for diverse applications in oil mills, oil extraction Plants, engineering & construction industry. Our range includes **oil expeller, hand operated oil expeller, oil expeller spares, cage bars, industrial conveyor chains, bucket elevators, automotive pinions, straight bevel gears, hypoid bevel gears, spiral bevel gears, feeding worms, hard face worms and collers**.

The historical journey to our success started **in the year 1962**, when the company was started by our visionary founder **Mr. Vinod Narula**, who has with him more than 47 years of vast experience in this field. In the starting, the company was manufacturing spares for expellers and gradually established as a full-fledged manufacturers of complete expeller systems. Now, under the able guidance of his father **Mr. Vinod Narula (Director), Mr Rajan Narula (CEO)** is leading the company to the height of sky-scrapping success.

Quality and innovation play a pivotal role in our organization and have assisted us to carve a niche in today's fiercely competitive market scenario. Fabricated from optimum quality steel and alloys, our products are in compliance with set industrial benchmarks. Backed by a team of highly qualified and...
