## About Us

Established in the year **2009**, at **Delhi, India**, we, “**V K Bikes**”, are recognized as the leading **manufacturer, trader and supplier** of a comprehensive assortment of **Kids Bicycles** and **Baby Walkers**. Our complete product range is manufactured using the finest grade plastic, iron and sophisticated technology. Professionals working with us design these high quality products with high precision in order to meet the international quality standards. Products offered by us are widely praised among clients for their high quality standards, corrosion resistance, easy to ride and durable nature. Available in various sizes and colors as per the varied needs of clients, these can also be availed by them from us at the most reasonable prices. We are backed by a well-established infrastructure that is constructed over a large area. Our infrastructural unit is fully incorporated with advanced machinery and latest technology, which helps us to manufacture superior quality products in bulk within the short time. These machines are also timely upgraded to meet the challenges of industry and these machines are operated by our experienced and well-trained professionals in order to manufacture the best quality products. The production unit of our organization is also segregated in various sub units for high work efficiency. Apart from this, we have appointed an adroit team of professionals who work in close-coordination with each...
