VMH Engineering & Services

<https://www.indiamart.com/vmhengineering/>

We are renowned as the leading trader and supplier of Material Handling Equipment like Stacker, Pallet Trucks, Platform Trucks, Battery Chargers and Batteries. Our offered products are quality proven and are in accordance with the global guideline.

About Us

Founded in the year 2011 we, “VMH Engineering & Services,” are proud to introduce ourselves as a prominent trader and supplier of **Material Handling Equipment** like **Stacker, Pallet Trucks, Platform Trucks, Battery Chargers** and **Batteries**. Our offered products are highly admired by clients for their smooth operations, uninterrupted performance, robust designs, extended efficiency and longer service life. We ensure our clients that these products are fabricated using optimum quality components at our vendors’ end under the guidance of experienced engineers. Owing to the conformity with the international quality standards, our offered products have gained huge demand in the market. Apart from this, our offered products are easy to handle, require less maintenance and consume low power in operation. Further, we provide these products in varied capacities and technical specifications to meet specific needs of clients. Located at **Ghaziabad, Uttar Pradesh, India**, we have established a large warehouse that is spread over an extensive area and is well connected with rail, road and other transportation network that ensures smooth and swift transportation of the consignments. Our warehouse is compartmentalized into various sections and appropriately labeled for the safe storage and recovery of the products. We have selected trained and skilled warehouse experts for supervising and regulating daily activities. They also maintain a...
