## About Us

Established in 2009, M. D. A. Floors is one of the rising stars in the field of importing and supplying a range of Laminated Wooden Floorings. These are procured, mainly from the renowned. Our range consists of flooring options such as, laminated floorings, walnut laminated floorings, merbau laminated floorings, wenge laminated floorings, jemmican oak floorings, teak wood floorings, oak umbria floorings, german oak floorings, wenge floorings, pine wooden floorings, wooden floorings, laminated wooden floorings, oak wooden floorings, teak wooden floorings etc.

The floorings that we offer are high on parameters such as, resistance to moisture, abrasion and fading, high levels of hygiene, longevity and easy installation and maintenance. We are also involved in offering services related to the actual installation of these floorings. We ensure that all the flooring services that we undertake are completed within the promised time frame and budget.

The installation process of these floorings is quite simple, because there is no requirement of glue and the floor surface can be utilized within a short while of being laid out. Our range of floorings is manufactured using 90% wood and the wood is actually residual wood, which is procured from sustainable managed forest enterprises and rain forests.

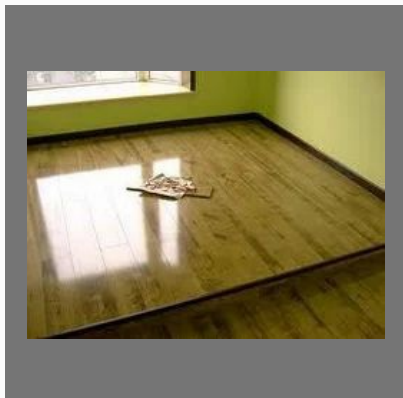

These floorings are also patented under EP 1 441 087 and EP 1 462 587 and are completely environment friendly. Our range of flooring is accompanied with a...
