## About Us

Established in the year **1976**, we, **V. V. Chemicals** are counted amongst the renowned suppliers of a wide range of **chemicals and laboratory products such as Tissue Culture Products, Filter Papers, Laboratory Instruments, Laboratory Plastic Wares, Laboratory Glasswares, Hardness Testing Kits, Silica And Porcelain Wares, Mercury Thermometer, Rare Chemicals, Solvents And Salts, Disinfectants Chemicals, Laboratory Chemical and Bio Reagents**. In order to maintain high standards of quality, we are associated with renowned vendors, who supply us a quality range of products. Our range is available in customized packaging and caters to the requirements of sugar, poultry, dairy and research & development labs. Being a professionally driven organization, we offer our clients only quality oriented chemicals and laboratory products. We procure our range from certified vendors like **Thermo Fisher (Qualigens), Acros, Jipo, Reagecon, PALL and Sartorius** to assure that only defect free range is delivered to our clients. Further, we safely store our range in a voluminous warehouse till it is dispatched to the clients. Due to our fair business practices and client conscious approach, we have gained the trust and appreciation of clients based in **Indian Subcontinents**. Under the aegis of our mentor **Mr. Swapnil Vilas Bhandari**, we have made a reputable position for ourselves in the market. Due to his vast experience and thorough understanding of...
