## About Us

**WebTown Solutions Pvt. Ltd.** is established as the first IT Finishing School of Orissa to leverage new technologies and competitive advantage with innovative solutions by bringing Business, Technology and Products together. The concept is to combine the academic and application legs making “**Web-Town**” an intellectual growth engine. Our Finishing School commits to create first generation professionals out of young IT Graduates. The company also focuses on turnkey software and business solution through the next generation technology with state-of-the-art business automation and software development. Our objective is to provide quality IT education to fresh engineering graduates through the IT Finishing school in emerging technologies in the field of software development and bridge the gap of Industry by providing ready to work software professionals. Such concepts have given **Web-Town** the unique distinction of adding to the substantive body of knowledge and creating products that remain state-of-the-art for the customer. We intend to become a leading product based company in implementing innovative business solutions by re-defining the way in which business is conducted.
