## About Us

Wello care is one of the leading cosmetic brands in india. It was established in 1985 with an objective of providing an optimum solution for the fmcg market and to the consumer directly . Here at Wello care , we work closely with every customer to create solution according to their needs while our commitment to innovation and technology ensures our products exceed every customer expectation's. We want to work with suppliers and distributors who have values similar to our own and work to the same standards as we do .With the vision to provide one roof solution for all the cosmetic and beauty related problems we provide wide range of beauty cosmetics specially prepared with herbal components.Here, we also ensure that our customers get value for money. With the aggressive and ambitious attitude of our C.M.D, the brand has its presence in the international market,making us on of the leading exporter of beauty products across different nations. Here at Wello Care we provide a full range of life changing herbal beauty care products. We have a team of specialized people specially working to meet the need of changing Indian society and culture,at the same time keeping in mind the International market.
