About Us

Incepted in the year 1990, Woven Creations is counted among the leading manufacturers of an effervescent collection of fashion silk, cotton, metallic, polyester, synthetic, chiffon, georgette, dupion, raw silk and tussar fabrics. We also hold specialization in weaving striking patterns in the interesting fabric base extensively used for making women's wear. In addition to this, we offer value additions on these fabrics by doing hand print, screen print, chain stitch embroidery, towel/velvet embroidery, ribbon embroidery, zig-zag embroidery, patchwork, hand embroidery, computer embroidery, beading, mirror work and crewel embroidery, to name a few.

Under the able guidance of our mentor, **Mr. Alok Parikh**, we have been able to acquire a distinctive position in the market. His hard work and perseverance has motivated us all to perform to the best of our abilities.

The fine craftsmanship of our weavers and the creativity of our designers enable us in providing our clients with an exquisitely designed range of silk, cotton and blended fabrics, curtains and scarves. Our modern infrastructural facility consisting of weaving, embroidery and printing units allows us in producing 3,00,000 meters of fancy silk fabrics for home furnishings and women's wear every year.
