## About Us

**Yahoo Fashions** was established in the year **2011** along with its aim to meet the upcoming demands of clients. The company was established as a sole proprietorship firm as well as engaged in **trading and supplying** a comprehensive range of Jeans, T-Shirts, Shirts & Trousers. The products we offer are procured from the most authentic industrial vendors, keeping customers preferences at top most priority. Our products are largely acknowledged in the market for their qualitative fabrics, eye-catching patterns, perfect stitch, attractive colors, easy to wash and many others. We efficiently conduct market research to get an appropriate knowledge and idea about the trends prevailing in industry and make ceaseless endeavor to meet those specifications accordingly. Furthermore, customized packaging solutions are provided to meet the actual packaging requirements of our customers. It is due to our ethical business policies, transparency in our dealings, promptness in the delivery of consignment and cost effective solutions that we have attained a renowned position in the market of Indian Subcontinent. We assure prompt delivery of the consignment without compromising with products excellence. Our all activities and operations related to business are carried out under the careful and prudence guidance of **Mr. Dheeraj Jain**, who is the proprietor of our organization. His in-depth industrial expertise, creative thinking approach and years of...
