We are a leading manufacturer and supplier of optimum quality range of pipes and fittings.

## About Us

Our first manufacturing unit was founded in 2001 as global enterprises and very soon acknowledged as a leader of Maharashtra 's PVC pipe industry. We have always focused on providing quality products to our clients.

Due to modern manufacturing process, equipments and inspection tools practiced by us in producing the products and putting them through strict quality control procedure, we have become first choice for PVC pipes & fittings products among people. Our second unit was established in 2008 as nirmal pipes. and very soon and backed by our previous ventures, we have established "Yash Pipes & Fittings". Our all products meet the quality standards.
