We are an established trader, supplier and distributor of quality hardware products and industrial valves and accessories. These products are reckoned for dimensional accuracy and application specific designs.

## About Us

Established in the year **2004**, we, '**Yash Traders**', are instrumental in trading, supplying and distributing a wide range of **Hardware Products and Industrial Valves & other Accessories**. These products are procured from some of the trusted vendors of the industry. The entire range is manufactured using high grade raw material and latest technology along with advanced machinery at the vendors' end. They also make sure to manufacture the products strictly in accordance with the international quality standards. Owing to the dimensional accuracy, corrosion & abrasion resistance, efficiency, reliability and longer service life, these products are highly demanded in the market. Our professionals understands the varied requirements of the customers and make sure to offer the products accordingly to attain maximum level of client satisfaction. The product range is made available in various sizes, shapes and other specifications to cater to the demands of varied industries & sectors. We offer the products using quality packaging to ensure that the products are safely delivered at our customers' end. Moreover, prior to their dispatch, these products are checked on certain standards to ensure their flawlessness. Our clients can make payments through **cash, cheque, credit card** and **DD**, for the convenience of our customers. '**Mr. Sameer Doshi**', has always guided all the people associated with...
