

Zenith Coaters

<https://www.indiamart.com/zenith-coaters/>

Manufacturer and provides of cable tray, clamps etc.

About Us

We would like to take this opportunity to introduce ourselves as one of the powder coating unit equipped with best machinery and technical services. With the blessing of our elders we started this company under the name of Zenith Coaters in 2001. In last Ten years we had achieved very good milestones. We started our business with just one owen and single booth along with very less infrastructure. Now we would like to share that our company is now ISO 9001:2000 series unit for last four years. We have very recently introduced 10 Tanks Pre Treatment line with diesel fired heating system and we use Henkel Chemicals for the best possible quality. We have excellent infrastructure consisting of standardized equipment like Five Powder Coating Booths, Two Owens, Guns all from reputed manufacturers like Statfield , Gamma. We are strongly backed by Paints Industries for our technical in puts and our unit is professionally managed and run under a guidance and supervision of highly experienced personnel of paint industry.
