## About Us

3DTM Technologies Pvt. Ltd. is an Aurangabad based Software and Web development company.

3DTM Technologies is a leader in software development and web development. As a proven partner focused on building perfect solutions, we enables clients to outperform the competition and stay ahead of the world. We help client transform and thrive in a changing world through strategic consulting, solutions, including those in mobility, web and personal computing.

### Our Story

In late 2013, 5 Software professionals started 3DTM Technologies. From the very beginning, the company strives to follow five core principles to implement ideas that drive progress to our client and enhances our relations. From the beginning we have been a company who's prime focus is on client satisfaction and transforming their ideas into perfect solution for their business.

We at 3DTM Technologies believe five core principles: Dedication, Determination, Dynamism, Tenaciousness and Manged Work Culture. The name 3DTM is borrowed from initials from each of our core principles. The name 3DTM is inspired and accumulated with initials of each core principle.

We know the importance of relationship with our client and our team that reflect our work culture and help us to build strong ethics and mutual respect. Our focus have been entirely on client satisfaction because we know that our revenues come from our existing clients and relations.
