About Us

Aace multimedia provides an environment in which students are encouraged to work hard to achieve their full potential. We guarantee small Big size with serious individual instruction by highly qualified instructors.

We believe in giving our students a solid, well-rounded education, and the encouragement to help them develop as artists. At the same time, we expect students to conduct themselves in a professional manner, which includes the ability to take direction, meet deadline, work with each other, and fulfill responsibilities.
