About Us

In the present times when the world is totally pivoted on materialism, it is pertinent to think and plan about the future in which the generation next is given an insight of our own heritage, rich culture and way of life. Founded by few friends in year 2010, AAL has seen many ups and downs in these years. The Academy has reached to its first milestone by getting associated with living legend famous Kathak maestro Padma Vibhushan Pt. Birju Maharaj and collaboration with his institution Kalashram. Later the Academy has got affiliation from Akhil Bhartiya Gandharv Mahavidyalaya Mandal, Trinity College, London and Rock School, London as well. AAL is also having collaboration with famous Abacus classes for young mathematics enthusiasts. AAL has a state of the art infrastructure which includes Computer lab, fully air-conditioned music and dance studios, own transport system, own power back up, Library and many more. The AAL believes in “Creativity for nurturing soul”. This ideology is based on the time tested philosophy of Indian Culture, Traditions, Values and Thoughts. The ideology is always reflected at the ground level through the institutions being run by the Academy. The forthcoming tie-up with prestigious Educational Institutions and promoters is the major thrust area for the Academy.
